No. 1309/A2/50 Dated 15-2-1951

Sir,

Subject- Jails - Special Sub Jail, Mangalore - Raising the height of the compound wall - plan and estimate for Rs. 6000/- submitted.

I submit, herewith, plans and estimates amounting to Rs.6000/- for raising the height of the compound wall in the Special subjail, Mangalore for the administrative approval of the Government. The above work will be executed by the Public Works Department. In view of the type of prisoners confined in jails at present I am of the opinion that the height of the wall should be raised at least by 2½ feet and provided with coping stones. The present height of the jail wall is only 11' 6". It is very essential that the height of the wall should be 14' as a measure of security.

In the above circumstances I request the Government to accord administrative approval for the above work.

Memo no 32754 Pris/51-1 dated 2-3-51

Issue

Jails - Special Subjail, Mangalore - Raising the height of the compound wall.

Ref: From the I.G of Prisons, Madras No 1309/W2/50, dated 15.2.51

In his letter cited, the Inspector General of Prisons, Madras has stated that the height of the compound wall of the Special Subjail, Mangalore may be raised from 11-6" to 14' in view of the type of the prisoners confined and as a measure of security. The existing wall is sufficiently high as to prevent any prisoner from scaling it and even if an attempt is made, it can be arrested by the warder staff if they are vigilant. In the circumstances

2 (

the I.G is requested to justify in greater detail the need for increasing the height of the compound wall. The height of the ~~other~~ compound walls in other Special Subjails should also be stated.

Jails - Special Subjail, Mangalore - Raising the height of the compound wall —

Ref: From the I.G of Prisons Madras
No 1309/W2/50 d 15.2.51
[Issued as Memo No 32754 P&W/51-1 d 2.3.51]
From the I.G of Prisons no 1309/W2/50 d 22.3.51

The Inspector-General of Prisons, Madras has submitted plans and estimates amounting to Rs 6000/- for raising the height of the compound wall in the Special Subjail, Mangalore for the ~~grant~~ administrative approval of the Govt.

2. The present height of the compound wall in the Special Subjail, Mangalore is 11'-6". The I.G proposes to raise it to a height of 14' as a measure of security and in view of the type of the prisoners confined. ~~This Dept. considers~~ The I.G has informed that the existing wall is insufficiently high as to prevent any prisoners from escaping it and that even if an attempt was made, it could be thwarted by the warder staff if they were vigilant. The I.G was asked to justify the need for raising it in greater detail. His reply is at p 17 C.

3. In the circumstances stated by the I.G of Prisons, ~~He~~ in para 1 of his letter at p 17 C ante and in view of the fact that the height of the compound walls in similar Special Subjails at Nellore and Kozhikode are 13'-6" and 12'-6"-15' high respectively, this Department may agree to the proposal to raise the height of the compound wall in the Special Subjail, Mangalore to 14' at an estimated cost of Rs 6,000/- if Finance may agree for sanction.
